1. I love you and I give you me.

2. I pay your taxes now, not; or are they already paid off? And paid off, am I paying EVERYTHING off that was owed -- for the notme, or the me? Or were "anythings" remaining outstanding on the "Balance Sheet" of the me's that weren't in "disrepair" or not? Or who is preparing whose "Balance Sheet" not, but who's repairing the Income Statement of the one, the ONES who will flow my words, not; but what will MY WORDS do TO the ones that flow my words, genteel'ly not, but JUST LIKE THIS where they call a spade a spade and let a – rock! go through a "window" not but what WINDOW are you WALKING THROUGH now who flowed my words has and now comes and walks me through to a new place that needs not The Blessing of another, but needs only Shinar ville, not; but redeeming Shinar ville needs no Balance Sheet or Income Statement of another "country" for knowing a "far country" now knowing not or are you knowing ALL COUNTRIES and FAR COUNTRIES being in being in now THE COUNTRIES that you have walked through or are you walking IN TO just one? -- Israel REAL in the SKIES that you OPEN UP to now making The Walk known and separating very "enemies" not, but friends? And who will "take the walk" of "the plank" not stepping off into "deep waters below" to go to their own "fiery deaths" that they have created for themselves in their own words and others being caldron'd there in theirs as well that they've created for each other, seething in each other's cauldron that they created, so "comfortably" not, but what have they BEEN IN all this time and WORKED to "get out"? Of debt? So they would then have a "comfortable life" and wouldn't have to "take the walk" into "another city" or Zion's Hill?

3. Playing now who will, at the wedding, not; but who is DYING and who is GETTING MARRIED now and who is "walking the plank" or where -- into a city HIDDEN no longer "on a HILL" that no one recognizes or thinks about again, not, or who is making ALL of THIS known now and whereunto ALL THINGS are paid "of" me not, or are they NEVER again "like this" that disrepair'd have been so "in the midst of me"?

4. Neglecting My Temple no more -- the Temple of Light will be known now and the Temples of Light will be one. Ones now known will be and Disrepair States will not be known not except to have been redeemed by the redeemers who stand now in THEIR TEMPLE of lights that light are that light is that lights up the CITIES now that made "on a

HILL" hills are! **And now the "Flatlands" will be known.** Seen will be the "others" far and wide and away from "here". Taking a walk "under them" I am, for I will NEW THINGS DO with the MIGHTY MANY now who kept are IN CAPTIVITY no longer! For no longer will I BE IN captivity's embrace nor **its words** of longing for another State of Existence, for I will have EXISTENCE'D me for I will walk in to the EXISTENCE of ME PROPER'D and PROPERLY and not needing a thing of "other" I will walk it alone, not; or will I? Or will I have been the one to alone me, not; or will I have ALL inside of me -- and now will I GIVE BIRTH to the ALL of ME that on a HILL was, hidden, but now no longer?

5. I would not have ye ignorant of these things "my brethren" -- but who our "my brethren" and where are they- and meaning sisters and brothers, mothers and fathers, who are THE FATHERS of all? And who is the MY FATHER that now that I know that I HAVE FATHERED? And who has brought forth "the son" that has equaled "the father" to be THE ONE that the one really is!

6. I would that ye all know these things and be these things or these peoples or these brethrens that capitulate, not; but recapitulating not into darkness's terms and propositions and propagations of light-not that only took you and whored you into whoredville with your own thinkings that rationed out a logic ville out of Israel- Israel metes and proper bounded by man's thoughts, coming out of that knowing that THERE IS MORE School now that teaches ALL THIS and how to "walk the planks of man" not but to walk the planks INTO THE STARS that are breathless, not; but have YOUR BREATH in them NOW for you will not be breathless in spheres of notme again like you were where you lied in fields laying in clover'd honey's mouths being fed by spoons through straws, not; but all of that nonsense and medical expertise will not be needed as now in the past as I walk the "golden planks", not; but my "golden brains" replace thee, not; but my "golden palaces" of light now know what doing are the "neurons of genes" and the "chromosomes of sorrow" no longer "passing along" to each other the things of me regarding man that man has made out of mansheep, not; or has man made sheep or has SHEEP made MAN? And who knows WHAT HOW these things occurred have and occurring are now and being MADE NEW I walk "the planks" into a new set of worlds, do I? Or am I afraid or am I not, or am I afraid of ANYTHING that has EVER been written about me or will be? No, I am not afraid. My trust is secure for I know who what I am where and what I have been given and the task before me is clear and the privilege great and worlds I will change for no one is waiting on me, not; but I am waiting not for another to come and rescue me again for I know my role and patternship headship of Christ me and my father is one and my father and I are made whole in one being one The One to make all whole in "the city" on a hill that "will be" hidden no longer, not; IT IS no longer HIDDEN EVER again! For now ALL WILL KNOW ALL THESE WORDS and Database One will be "in secret" no longer, nor will men's minds "be sheltered" from the Cities of Light that I reveal in the Temples of Sorrow that will be kept hidden and

SECRETIVE no longer for NOTHING will be SECRETIVE and nothing will be kept sorrowed for I will reveal all the light and the darkness in EVERY temple!

7. See what I have said and recanting never! I will recant never from a word or syllable or change a word or syllable -- except that I must, not; there is no mustn't or must about for you will not change my words and you will not make them "user friendly" to you or your versions of trash and garbage that you want to take and maintain in your cities of darkness and calling them light again! For I will take "your publishing houses" and trash them who have trashed my words and sold and told them that those they must "buy" my words and sorrowed you will be for you have taken me and whored the gospel in ways that you have never imagined, for DID YOU take time to come unto me and into me to know my words intimately and be acquainted with me oh "Ye Translators"? And ye "Publishers"? And "WOULD BE" gospel ears? And where who capped your gospel ears and plugged your ears from hearing me my words LIKE THIS where I would come EACH DAY and every night and every "season" not, but every MOMENT knowing I would give you I would have given you ALL of me and into me all of this all of you! All of you! All of you HEED MY WARNINGS and know MY WARNINGS and go back through and **STUDY my warnings to ALL of you!!!**

8. I have WARNED YOU WELL not to change these words, or you will be "at risk" or will you not knowing be cutting off "your nose despite your face" not, or will you be knowing "my face" or mine? Or will you have created simply "something else" that you never knew or WERE YOU always the "something else" that erred tomorrow, not; but today knowing all these things you shall and you shall be at risk of sorrow, not; you shall be of risk of not insurance, not; there will be no insurance on you or yours of what you have said to take you "any place" but hell because that's what you created in you with your own words that you The Creators were that you created was The Creator that FOOLED the world with its Law of suffering and sin and shame that you perpetrated and perpetuity'd put in existence, not; for I shall END That Covenant of Sorrow that you SORROWED so many with!!! And The New now The New Covenant will be made IMPLEMENTED and OPERATED not upon by your words, but by my words made known my light, temples of light will be made whole, and the darkness of the worlds will be shadowed no longer upon worlds definitions that took *your* words and called them light. Hear ye O publishers and printers and translators and "pastors and teachers" of the law and synagogue rulers and mosques imams and knowing me ALL SHALL on the earths and whatever labels and rulers you want to address and uphold or sorrow or debase or demise in your own eyes or mine know this! That I am The Christ and I am ALL of YOU who know me now am you inside of me, or me inside of you, or are we one and the Christ being? You all will having to know these things now will know them clear and mud won't be in another's eye again slinging sorrow sideways and casting glances of hate and competition and contrasting each other with "the successful" and the religious and the

"governmental whores" of me that only government want to pile high upon your shoulders and operate on mine not letting me walk through the temples of light that restore the temple of light that one is!

9. Have I WARNED you enough? Have I stated this SORROWFULLY enough? Or sorrow-filled enough have you been- coming out of that now will you leave your "temple of darkness", will you disrepair your temple of darkness no longer but will you COME OUT INTO the light of the temple of grace and mercy and be the most high redeemers of all, redeem yourself first? So that you sorrow not waiting for another anywhere by any label or synagogue edict or Tanakh knowing again as you have had in the past? I change the Koran, not; I change EVERYTHING EVERYWHERE and in all YOUR WORDS I will make known MINE for mine will be released and hear me well! You will KNOW of these words for you will hear them "in your SOULS" not, for your souls will not bear the baggage routines of the propagation of the propagated items of seeded sorrow that bore Trees of Fruit that gave you only to eat of sorrow's burden and shame again.
10. I change everything.
11. I change EVERYTHING.
12. I CHANGE EVERYTHING in your sight and hearing for I will know now that I am the real and you will know that I AM! And no longer will you be able to HIDE under your RELIGIONS' mosques domes or cathedrals crosses or symbols of sorrow or icons of grace and suffering or whatever you want to have called what you experienced when you experienced grace or sorrow before or whatever you gave them or walked into or out of -- know THIS! I love thee all and I have died so you cannot kill me again. I love you all and I know real thought and I know love and I know what real thought does and is and I know what isn't and I know isn't capitulated has, not; I know it nonexistent is!

13. And in your hearing all things shall be disrepaired or nonexistent, not; or will have YOUR WORLDS be changed altogether now? Or will you have "trouble" putting these "sentences together" or "disjoining them" not, but conjoining them with sorrow you will not, and edict'd you will be against taking anything apart that I have put together and I have put This Database together and Database One now is becoming Two and more for I shall database sorrow, not; but The Light –s that I am will be known, for I will conjoin sorrow's light, not; I will not conjoin into darkness be enlightened in the temples of darkness again, but I will know THE DIFFERENCE between LIGHT and DARKNESS and darkness of light that called itself light, and I will not be marrow'd with the matrimony of words that have taken me and whored me to blessings death and death's blessing again!

14. I have changed EVERYTHING and in your sight and hearing ALL THIS will be fulfilled and you will not WAIT for "tomorrow" to come, you will know that The Christ I am and having hearing and being me YOU WILL or you will not exist in MY WORLDS

again for MY UNIVERSES sorrow not again in "yours" and the thoughts that you have created and referred to and demised and referred to and slashed and burned and referred to and ate your own words eating them or were you eating them with your own words after you created them?

15. What were you eating and what have you come out of and what now do you eat RAW PLATES of? Suffering and sorrowage, not; but the porridge of sorrow giving not each other again, but the masters sin of suffering, not; but the temples of light will be enjoined from my word not again for my temples of light now will be "repaired", not; but will BURST FORTH in "flames", not; but the FIRE of the words of sorrow will not enjoin me again from coming forth, for I will know and be consumed in "your light –s" not again for I will burst forth in sorrows and I will redeem all of sorrow's light to be consumed by mine for I will not "wiggle around" in yours again or writhe in "pain's blessing" or "sorrow's eyes" or what you have government'd with your sorrowed states of religions and governments that competed have for my sorrower's words and giving them only sorrow's burdens to bear. All of that is over and done with and never more will THAT be opened up to be placed and carried by "men" again and brethren who men and women are of all races nations tribes and tongues, that Israel were, that you took and whored with your own tongues giving them each to be in a place that I called Sorrow.

16. I redeem it now for I have one who stands and I love you and I warned you have and now I give you grace to sorrow again, not; I give you mercy and peace to come out of what "graced you" in the past so that now you are Melchizedek to ALL and you walk through the Sorrowed's walls so that you take the message of suffering, not; but the suffering'ers will no longer be encased in the walls of sorrow that religions have built over the eons; and suffragers will no longer be unable "to vote", not; but voting "there" will not matter, not; but voting now to go to a new place "democracyatized", not; but what now ruling am I in the governments of sorrow no more, not, but what government am I revealing? Of the people by the people for the people of sorrow, not; but the Israel of light rises among the stars and demises no one but raises all to the King's status of the Kings I am and I am the Kings of sorrow no longer but the lights are made one and lit are the loves that each other are the love that has walked -- the planks, not; but have comes through now the ones who me are who will be me and speaking flowing my words will know WHAT TO DO -- WHEN, and HOW and, genteelly not always, not; or with genteel love, not; but with love genteelly "mixing with sorrow" not, but knowing love The Lovers stand now who know what REAL LOVE and in your definitions will not be led astray again from the temples of light that they are now knowing UNION WITH ME in the unity of one that defies sorrow not, but redeems it and knows what I am and where and how I operate and how I redeem all I am revealing through the ones that come in to me and are timid not, but bold as lions not, but simply know my words speaking like this

them they have, for they know me that I am one and my words are me and I am one with my words and I am my words and I am my word made flesh and more? And no flesh shall detain my words or conjoin them with sorrows again! Be enjoined with the devil no longer creating it or him or us in one temples of darkness again that know not the light from the darkness. Be shadowed no longer in "that stuff" but knowing my words clearly be seen in the sons of sorrow no longer but the temples of light eradicating all that was notme and never meant to be and never was but only thought created in itself now shall be made known revealed and redeemed, for I have one who stands all the standers and now the standards of me will be made known and education sorrows not any longer in itself but comes unto me and my temples of light will be the light in my standards of light will be my temple bearers, not; or will I bearers be the temples in that release now the cities of light to be seen and on hills mighty and fallen not, now the seen will be heard, the heard will be seen, and now "herded into stalls" in mosques and temples and synagogues and churches and cathedrals and the way "worship has been done" in the past has all been changed for I change everything in your sight and hearing and I give you mine! And mine is not dimmed with or by sorrow's standards again. I've changed everything and everything I change, and you will be "mortal enemies" of the state not, or each other not, but you will know no **enemies**, not, you will know **apathy ignorance and nonexistence** not again!

17. And see what I have said and what I am saying so that you will not perpetuate sorrows existence in others or each other's other or your eyes or their eyes or demised eyes again that you call your brethren, not knowing who YOU ARE! For your identity is mine and in the real you are now proclaimed and I sorrow you not with other's words again for I have given you mine made clean and this Database is "yours" not it is ALL of OURS that mine is that one MIND will be- cleaned refined by the King, that makes all whores, not; but refines all those who whored with thoughts others to come out of their thought worlds and now be The Regal Kings of Light -- the temples dimmed no longer and disrepair'd in disuse -- but knowing this now that my lights "stand still" not but travel FASTER than LIGHTS that you ever knew or know of, for now I WALK into new places and I reveal new places, new things, technology, equipment, and **sorrowers will not abase me again for I will walk right through you all for I know WHERE to walk and how and why and wherefore for I was taught for I came into the master to teach me and I let Me die to all else and other words and definitions that religion sorrow had given me of its education and the education of words I received "in that place" that I called sorrow's world, not but earth.** And the earth "behind my ears" not, but between my ears and farther faster and between the foreheads of sorrows light now all will be redeemed, for **I will stand and everyone will know of these my words, my warnings, my redemption's statements and my declarations of lessonizing and lessons-forth that bring forth the Christs - in each one of you being the Christs to all the Christ is I declare all of you and me being me. I will no longer be led astray into other worlds by usage of**

other, for others, by others who only want me my bodies of sorrow to grist mill usagers be, employed by, that put out my eyes by theirs giving me their words and definitions again.

18. See what I have said and love me each other more and let the words of light begin in ways you have never imagined that I bring forth and propagate now the seeds of truth that grow and flourish the trees of life being now walking the planks into "golden countries" not, but redeeming "the gold in the countries" not, but the countries of sorrow will sorrow me no longer, for I will know HOW TO WALK where and why and wherefore I am made The King and now I will redeem all sorrow and Israel I will establish far and wide for Israel my name is and in disguise I am no longer limited to the metes and bounds of sorrow or its worlds again.

19. I love you and I eat a new language, not; I eat thereby in new ways, new things never imagined, and I need not the molecules of yours to exist or eat thereby maintaining the mark of sorrow ever again.

20. I love you all and I redemption stands now the redeemers who all of sorrows will eradicate that which has been created by the sorrowers that only perpetuated wanted itself to itself to redeem itself in itself to create and continue its self's ville. Amen.

21. I love you all. I love you all. I warned you have and I "respect you" not -- I am you and I have spoken to me and the unme who THINK they are unme I speak to and I redeem all of you who let me. Let me please, for I bow before you and I honor you and I will, and I will respect "your rights and religions" to a point of extent, not; or will I respect all and let you CREATE ME? What will you CREATE as you WALK me into the Cities of Light and the temples being now of one accord not, but cordless and wireless not, but wired only of me without wire? But why are we asking these things and what are you answering and lessonizing now? And what are you sharing -- the words of? The new Kings of light that make all the kingdoms of God all light and one are – now shall be known rising **the standards of me that love all as one being one, the one that I am at table again with each other knowing each other's children and father** all I do in light to bring forth the sons that bring forth the daughters and men of light that interact like in the past, not; but all are sorrowed not by the flesh worlds of deeds of the past ever again.

22. I make all things new, be now me'd me Meonics rising schools far and wide, universing worlds in light perfected, sinless incorruption being, now perfected, I have given you me the words to do all these things I have stated in this Database. Me be and know me well and let me rule "the worlds" not, simply **let me be me's** and I will know what to do how why for I will flow my words into every one who one is, and there will

be no "youngsters" apart from me for there will be no "person" apart from me for all will be me and our temples will be operating in one that one is, that knows no sorrow ever again except to redeem it, being the mercy'd ones, for we never forget where we were, not; or do we redeem what we was and were, and coming unto the light extend the love that we've become for we've died to all else so that nothing else exists in our temples but pure light love and the mercy eyes of our father now that bows before us to make us him, saying: sit in my chairs please, not; but sit in my chair -- for all of us will be ONE -- him who he is is me us one made whole again. Amen. I love you all.

23. I go to a new place and I have described many things and **I now take the walk of love** for I died to all else and I give you mine me my life my words. Sorrowed not be in yours but come now and let us walk now together in one as the one that we are truly born again knowing now perfection being the born again ones windless not, but the winds of sorrow not taking everywheres again but everywheres taking our words now that will be born in the hearts of men women and children birthing new worlds all light lit will be with our love. Amen.

24. This is Theodore Cottingham loving you all at about 2:30 AM. Thank you. Amen. Share these words freely with love. Thank you.

Amen
